FIFA 22 introduces the “FIFA Creator,” which allows players to become the ultimate soccer director and take direct control over the action on the pitch. This allows players to customize game mode settings, goalkeeper tactics and many other attributes of the pitch through the diverse variety of gameplay modes available in FIFA games. Developed by the renowned teams at Electronic Arts and DICE, FIFA delivers the most realistic and authentic football gameplay ever in a video game. FIFA, soccer's world-wide flagship title, has been a global success since the original game's release for the Nintendo 64 in 2001. The official FIFA blog.
